NVAHA-ARLINGTON

# PARTNERS

---

NVAHA-Arlington appreciates and relies upon the participation and support of many partners, the Arlington-based and other Northern Virginia organizations who share our belief in the importance of affordable housing to our community. Many of these organizations provide affordable housing and services to those who live here. Many help in education, advocacy, and outreach efforts and brainstorm with us on potential affordable housing development projects. Together, we form a coalition. We are grateful for their energy, ideas, and ongoing support.
